

# Food Safety & Inspection

## EZFORMS: Checklist & Audit Compliance

### Communicate

Communicate real-time with employees in the field via integrated communication center. Publish and share newsletters to stores in the field to make sure everyone is on message.

### Share

Real-time sharing to the field of video, files, recipe changes, and training documentation with team members.

### Centralize

Centralize all your line checks and store audits for review by quality teams at corporate. Store and review documentation for county/state and third party health inspectors to match up

- Improve Accountability throughout the organization
- Increase Transparency of daily procedures and operations to improve quality assurance
- Drive Analytics within your organization to make better and more informed decisions
- Unlimited audits and line checks for regulatory Compliance

EZFORMS: Checklist & Audit Compliance is by far the most comprehensive HACCP (Hazard Analysis Critical Control Points) solution for the Fast Casual and Quick Serve industry. We give you, the owner/operator, a mobile audit platform that allows you to perform line checks, food temperatures, and monitor food storage standards across your entire organization so that you can make informed decisions.

*“EZFORMS has provided us with an application that gives us the flexibility to control, collect, and analyze many of our key day-to-day operational metrics throughout our stores across the country in a matter of minutes instead of hours or days”.*

*GREG CLORE, VICE PRESIDENT OF INFORMATION AND TECHNOLOGY AT DAVE & BUSTERS, INC.*

## TECHNICAL SUPPORT

EZFORMS provides technical support so if you should need any assistance please contact us at: [support@ezforms.com](mailto:support@ezforms.com)

## Work Anytime

EZ FORMS works wherever your job may take you. We architected the solution to work in both offline and online environments so that your data is collected and stored until you get a wi-fi or cellular connection.
